240 Mercer St.  
New York, NY 10012

Dear Video People:

I am introducing our students to portable videotape and we use our own equipment in making tapes in the local community.

I am interested in showing the students the videotapes made by other video groups. Please send me a descriptive list of the videotapes you have available for sale or exchange. Also let us know what type of video projects you are doing.

Thank you

Cliff Wexler  
Assistant Professor
